

Iron Scout 2026

The Iron Scout is the ultimate challenge: 65 km in just 24 hours. It is a unique opportunity to discover your limits and push beyond them.

Of course, no one is required to complete the entire distance – everyone walks as far as they wish and as far as they are able. This year again, we are not only collecting blisters on our feet, but also raising funds for a good cause.

FAWE Project – Girls' Education in Madagascar

The FAWE project in Mahajanga manages a boarding facility for 30 girls from the poorest and most remote regions of Madagascar. These young women come from extremely disadvantaged backgrounds: large families, single-parent households, or they are orphans.

The boarding school enables them to access secondary education and, since 2015, university studies. The girls are supported throughout the entire school year, as returning to their villages during holidays is nearly impossible due to the lack of infrastructure.

Since 2013, the project has been funded by the Luxembourgish association Nadiezhda asbl, following the withdrawal of UNICEF, the original donor.

Our goal: to raise €25,000 to build a new boarding facility and allow even more girls to gain access to education and build an independent future.

Academic results over the past 10 years:

- 34 girls have obtained their baccalaureate,
- 10 have earned a university degree, including: 1 head nurse, 1 pharmacist, 1 lawyer, 1 midwife, 1 computer science teacher, 1 entrepreneur in the tourism sector and 4 physics teachers
